

Pubcast: Technology Explained - Firewall Management

Monday, 18 July 2011

This is a Pubcast of changes. Firstly, the sponsorship has been picked up by Performanta, as can be seen by the marketing banners on the Pubcast page.

Secondly - we have a new jingle to reflect that change. Personal thanks go from me to Marinus Van Aswegen for making one of his pieces of music available to the Pubcast. He can be contacted via Twitter at @marinusva

And we continue talking about technology, but this time with Russel Young and Armand Erasmus from Performanta, who came to the studio to debate Firewall Management with us.
