

Pubcast Episode #3

Tuesday, 20 January 2009

Episode 3 of the IT Security Pubcast in which we:

- Discuss the MessageLabs predictions for 2009;
- Consider the risks pertaining to confidential hardcopy;
- Debate a fraud perpetrated against the Black Adler; and
- Close down the Quantum Cryptography discussion.

The Pubcast team wishes all of our listeners a happy and prosperous 2009.
